

Investment strategy

For - Powell Superannuation Fund

10 August 2021

Fund profile

This document sets out the investment strategy for Powell Superannuation Fund (the **Fund**).

Trustee/s	██████ Powell Pty Ltd
-----------	-----------------------

Member name	Date of Birth	Superannuation Phase
██████ Powell	08/10/-	Pension

investment Strategy

The Fund's trustee(s) have agreed on this strategy after considering the following:

- ® the Fund's investment objectives
- e the members' ages, circumstances and retirement needs
- ® the members are prepared for moderate to high levels of volatility of returns
- ® appropriate risk management strategies
- @ diversification and the benefits of investing across a number of asset classes in a long term investment strategy
the Fund's ability to pay benefits as its members require (as a lump sum or pension or a combination of both), plus any other costs that the fund incurs
- @ the need to balance the members appetite between risk and return

The Trustee has determined to review this investment strategy no less than every 2 years.

General objectives

The primary objective of the Fund is to provide benefits, in accordance with the sole purpose test, for the Fund members and their dependant at retirement, in the event of death or disablement, or as otherwise allowed under superannuation legislation. The other key objectives are to:

- @ generate total returns from a combination of income and capital growth through investment cycles that are detailed in the 'investment objectives' section below.
- @ address the needs of the members for personal insurance cover depending on their individual circumstances and consider whether that cover may be best owned by the Fund.

Investment objectives

The Trustee(s), having regard to individual member circumstances including their attitude to risk and return, their experience, their investment time frame and the Fund's financial state, have established the following investment objectives for the Fund:

Select the statements below that apply, and delete those that do not

- @ earn a rate of return achieve investment returns (based on market values after taxes and charges) that exceeds CPI by at least 5 per cent per annum over a rolling 5 year time frame.
- ® ensure all investments comply with prevailing legislation and the Fund's Trust Deed
- @ ensure the Fund has sufficient liquidity to meet expenses and obligations when they are due.
- iii achieve returns above inflation over the medium to long term.

Insurance

The Trustee(s) have considered the financial position of the members and their objectives in the event of death or disability.

Select/delete from the following as appropriate to the circumstances

For the time being, the level of their financial assets are such, that no personal insurance is required to be held in the superannuation fund.

Asset allocation

The table below details the strategic asset allocation of the Fund that the Trustee(s) will aim to maintain over the long term, along with applicable ranges that the Trustee(s) believe are appropriate in order to provide flexibility of decision making to potentially enhance returns or preserve capital.

The strategic asset allocation is based on consultation with members to determine the most appropriate risk versus return trade off allowing for their individual circumstances, requirements and return assumptions.

Asset Class	Target asset allocation (%)	Asset allocation range	
		Minimum(%)	Maximum(%)
Cash	0	0	30
Fixed interest	21	0	30
Total defensive assets	21	6	36
Australian equities	27	20	80
International equities	32	10	50
Property	5	0	20
Other	15	0	20
Total growth assets	79	64	94
Total	100		

Important note

Certain circumstances may arise that result in the cash allocation of the SMSF temporarily exceeding the maximum limit and, as a result, the allocation of growth assets temporarily being less than the minimum limit in the table above. For example, this may be due to recent contributions, or proceeds from the sale of assets, not yet being allocated. In these circumstances, the allocation of assets must be realigned with the ranges in the table above as soon as practicable.

Meeting minutes

Minutes of meeting of the Trustee(s) for Povvell Superannuation Fund (Fund)

Held at 7 Botanic Drive, Bayside, VIC

On 10 August 2021

Present: [REDACTED] Powell

Chair: [REDACTED] Powell was appointed Chair of the meeting.

Minutes: The Chair reported that the minutes of the previous meeting had been signed as true and correct.

Investment strategy: It was noted that Pauline Powell Pty Ltd, as the trustee(s) of the [REDACTED] Powell Superannuation Fund (Trustees) wish to adopt the investment strategy of the [REDACTED] Powell Superannuation Fund (Investment Strategy), dated 10 August 2021.

In formulating the Investment Strategy, the Trustees have assessed the whole circumstances of the - Powell Superannuation Fund as required under section 528 and 52C of the Superannuation Industry (Supervision) Act 1993 (SIS Act) and regulation 4.09 of the Superannuation Industry (Supervision) Regulations 1994, including but not limited to the:

1. risk involved in the investments and the likely return
2. composition of the fund's investment as a whole, including the level of diversification of investments and any subsequent risk exposure
3. liquidity of the fund's investments having regard to cash flow requirements
4. likely return from the fund's investments having regard to its objectives and its expected cash flow requirements
5. ability of the fund to satisfy its existing and prospective liabilities
6. trustee duties and powers are performed and exercised in the best interest of the members and their dependants
7. appropriateness of the member's personal insurance cover.

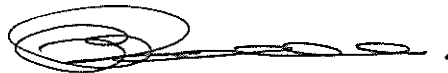

The investment strategy is to be documented and reviewed regularly.

Insurance: Amendments to the cover of members were made as follows:

Nil

Meeting closed: There being no further business, the meeting closed.

Confirmed as a correct record.
